

The anttitudes of Environmental Ant

this-is-sweet:

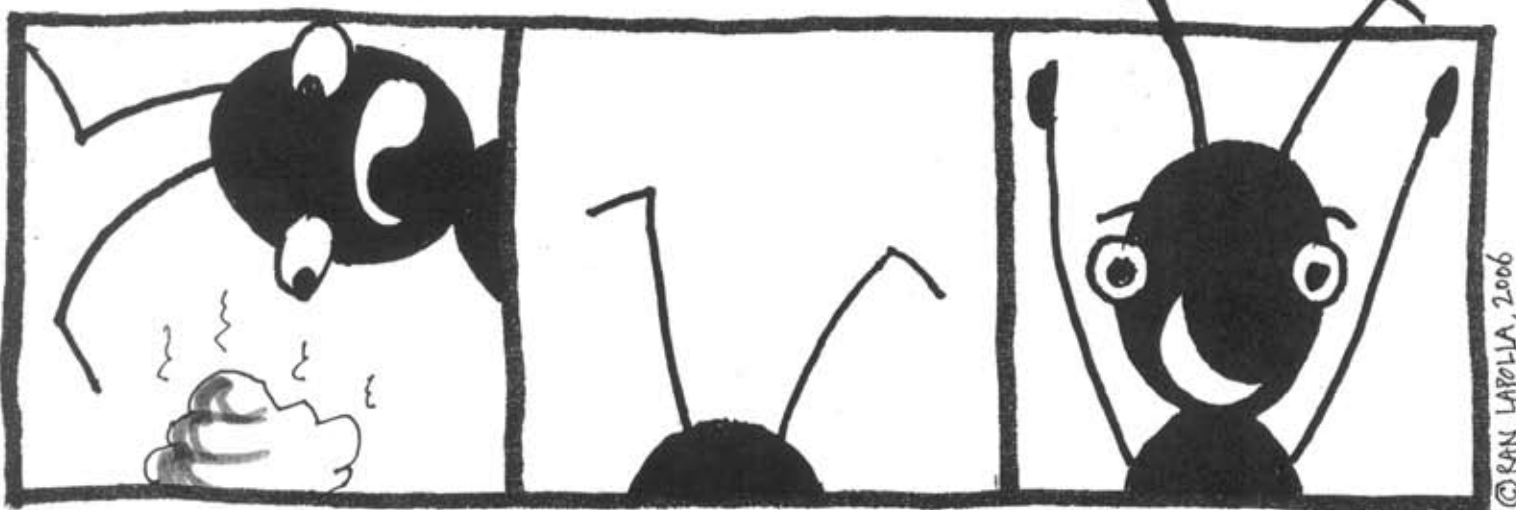

When it's a beautiful day and the birds are singing

eww-gross:

When there is stinky pollution coming from a factory

that's-so-five-minutes-ago:

When the only snack at a party is greasy chips

that's-just-plain-nasty:

When people spit out their gum on the ground

oh-snap-embarrassed:

When he trips over his own legs (it could happen to anyone)

now you're talking!:

When kids are helping to take care of the environment
